Team 8P Supply List for 2010-2011 School Year

Welcome to team 8P. This year will be the pinnacle of your Middle School years. We want it to be your best ever. To help students to organize themselves, we have the following suggestions for supplies. In the eighth grade we have a binder system for all classes. Each class uses a different color binder so that students can identify the one they need quickly and get to class with all of the supplies they will need. We suggest that each binder be filled with a set of dividers, loose-leaf paper and its own clipped in pencil pouch. Below is a list of the supplies each teacher believes the student will need for their class.

We understand that this is a sizable list but it will help your child to be organized and function in class. During the year we will go through box after box of tissues. If you could help by sending in a box the first week of school, we can keep every class supplied all year. Thank you and we hope your family has a safe and enjoyable summer. ---Team 8P
