

**INSURANCE**

The Board of Education directs the Superintendent of Schools and/or Business Manager to develop, recommend, and submit for Board approval a program of insurance protection for the district. The program should provide the broadest, most complete coverage available at the lowest cost to the district, consistent with sound insurance principles.

The insurance program will be reviewed annually by the Superintendent and/or Business Manager for the purposes of recommending to the Board adjustments in coverage resulting from but not limited to expansion of the District's risks, relevant new laws, and superseding conditions which make certain coverage necessary.
