How to Apply: To get free or reduced price meals for your children carefully complete one application following the instructions for your household and return it to the designated office listed on the application. If you now receive SNAP, Temporary Assistance to Needy Families (TANF) for any children or participate in the Food Distribution Program on Indian Reservations (FDPIR), the application must include the children's names, the household SNAP, TANF or FDPIR case number and the signature of an adult household member. All children should be listed on the same application. If you do not list a SNAP, TANF or FDPIR case number for any household member, the application must include the names of everyone in the household, the amount of income each household member, and how often it is received and where it comes from. It must include the signature of an adult household member and the last four digits of that adult's social security number or check the box if the adult does not have a social security number. **An application for free and reduced price benefits cannot be approved unless complete eligibility information is submitted, as indicated on the application and in the instructions.** Contact your local Department of Social Services for your SNAP or TANF case number or complete the income portion of the application. No application is necessary if the household was notified by the SFA their children have been directly certified. If the household is not sure if their children have been directly certified, the household should contact the school.

Reporting Changes: The benefits that you are approved for at the time of application are effective for the entire school year and up to 30 operating days into the new school year (or until a new eligibility determination is made, whichever comes first). You no longer need to report changes for an increase in income or decrease in household size, or if you no longer receive SNAP.

Income Exclusions: The value of any child care provided or arranged, or any amount received as payment for such child care or reimbursement for costs incurred for such care under the Child Care Development (Block Grant) Fund should not be considered as income for this program.

Reduced Price Eligible Students: **Beginning July 1, 2019, students in New York State that are approved for reduced price meals will receive breakfast and lunch meals and snacks served through the Afterschool Snack Program at no charge.**

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or disability

Meal Service to Children With Disabilities: Federal regulations require schools and institutions to serve meals at no extra charge to children with a disability which may restrict their diet. A student with a disability is defined in 7CFR Part 15b.3 of Federal regulations, as one who has a physical or mental impairment which substantially limits one or more major life activities of such individual, a record of such an impairment or being regarded as having such an impairment. Major life activities include but are not limited to: functions such as caring for one's self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. You must request meal modifications from the school and provide the school with medical statement from a State licensed healthcare professional. If you believe your child needs substitutions because of a disability, please get in touch with us for further information, as there is specific information that the medical statement must contain.

Confidentiality: The United States Department of Agriculture has approved the release of students names and eligibility status, without parent/guardian consent, to persons directly connected with the administration or enforcement of federal education programs such as Title I and the National Assessment of Educational Progress (NAEP), which are United States Department of Education programs used to determine areas such as the allocation of funds to schools, to evaluate socioeconomic status of the school's attendance area, and to assess educational progress. Information may also be released to State health or State education programs administered by the State agency or local education agency, provided the State or local education agency administers the program, and federal State or local nutrition programs similar to the National School Lunch Program. Additionally, all information contained in the free and reduced price application may be released to persons directly connected with the administration or enforcement of programs authorized under the National School Lunch Act (NSLA) or Child Nutrition Act (CNA); including the National School Lunch and School Breakfast Programs, the Special Milk Program, the Child and Adult Care Food Program, Summer Food Service Program and the Special Supplemental Nutrition Program for Women Infants and Children (WIC); the Comptroller General of the United States for audit purposes, and federal, State or local law enforcement officials investigating alleged violation of the programs under the NSLA or CNA.

Reapplication: You may apply for benefits any time during the school year. Also, if you are not eligible now, but during the school year become unemployed, have a decrease in household income, or an increase in family size you may request and complete an application at that time.

The disclosure of eligibility information not specifically authorized by the NSLA requires a written consent statement from the parent/guardian. We will let you know when your application is approved or denied.

Sincerely,

Todd DiGrigoli
Food Service Manager
