To update your contact information on file with the district, please contact the main office of your child's school.

USING THIS GUIDE

In order to assist parents and community members in getting questions or concerns addressed in the most effective and efficient manner, this guide outlines who to contact concerning a particular area.

Please first contact the staff member most directly involved with the issue. If that does not resolve the question or concern, then please proceed to the next level, as outlined in this guide. If the question remains unresolved, then proceed to the next highest level; the Board of Education will become involved only if necessary in the

last stage of the process. If a person contacts a Board member or an administrator before going through this process, that person is referred to the staff member most directly involved with the issue.

The Board of Education acts as a collective body to establish the policies under which the District operates and can only act when convened in an official meeting. The superintendent and administrative staff are responsible for administering the school program within the context of these policies.

CONTACT INFORMATION

A full directory of contact information for staff members is available at: www.ichabodcrane.org
