

STUDENT HARASSMENT AND BULLYING PREVENTION AND INTERVENTION

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board recognizes that discrimination, such as harassment, hazing and bullying, are detrimental to student learning and achievement. These behaviors interfere with the mission of the district to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts.

To this end, the Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which creates or can be reasonably expected to create a material and substantial interference with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences.

Definitions

1. **Bullying.** Bullying, under the amended Dignity for All Students Act, has the same meaning as harassment (see below). The accompanying regulation provides more guidance regarding the definition and characteristics of bullying to help the school community recognize the behavior.
2. **Cyberbullying.** Cyberbullying is defined as harassment (see below) through any form of electronic communication.
3. **Discrimination.** Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the *Definitions* section, under Harassment, below).
4. **Hazing.** Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.
5. **Harassment.** Harassment has been defined in various ways in federal and state law and regulation. The Board recognizes that these definitions are important standards, but the Board’s goal is to prevent misbehavior from escalating in order to promote a positive school environment and to limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and

substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for their physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person’s actual or perceived:

- Race (including traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as but not limited to braids, locks, and twists),
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).

For the purpose of this definition the term “threats, intimidation or abuse” includes verbal and non-verbal actions.

In some instances, bullying or harassment may constitute a violation of an individual’s civil rights. The district is mindful of its responsibilities under the law and in accordance with district policy regarding civil rights protections.

In order to streamline the wording of this policy and regulation the term bullying will be used throughout to encompass harassment, intimidation, cyberbullying and hazing behaviors.

Prevention

The school setting provides an opportunity to teach children, and emphasize among staff, that cooperation with and respect for others is a key district value. A program geared to prevention is designed to not only decrease incidents of bullying but to help students build more supportive relationships with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through district-wide professional development and instruction, to the warning signs of bullying, as well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur.

Curricular material that raises awareness and sensitivity to discrimination or harassment and civility in the relationships of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, sexes or gender expression or identities will be included in the instructional program K-12.

In order to implement this program the Board will designate at its annual organizational meeting a ***Dignity Act Coordinator (DAC)*** for each school in the district and one district-wide coordinator whose responsibilities are described in the accompanying regulation. The role of each **DAC** is to oversee and enforce this policy in the school to which they are assigned.

Intervention

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building.

Successful intervention may involve remediation. Remedial responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior and protect the target. Remediation may be targeted to the individual(s) involved in the bullying behavior or environmental approaches which are targeted to the school or district as a whole.

In addition, intervention will focus upon the safety of the target. Staff is expected, when aware of bullying, to report it in accordance with this policy, refer the student to designated resources for assistance, or to intervene in accordance with this policy and regulation.

Provisions for students who do not feel safe at school

The Board acknowledges that, notwithstanding actions taken by district staff, intervention may require a specific coordinated approach if the child does not feel safe at school. The building principal, other appropriate staff, the student and the student's parent(s) will work together to define and implement appropriate and reasonable supports. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that concerns have been adequately addressed.

Incident Reporting and Investigation

Although it can be difficult to step forward, the district cannot effectively address bullying if incidents are not reported. Students who have been bullied, parents whose children have been bullied or other students who observe bullying behavior are encouraged and expected to make a verbal and/or written complaint to any school personnel in accordance with the training and guidelines provided. Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to make an oral report to the building principal or DAC within one school day and to fill out the district reporting form within two school days. Staff who are unsure of the reporting procedure are expected to ask their supervisors how to proceed.

At all times, complaints will be documented, tracked and handled in accordance with the regulations and procedures accompanying this policy, or, if applicable, 0100, Equal Opportunity and Nondiscrimination, or 0110, Sexual Harassment and the district's Code of Conduct. The **DAC** will prepare at a minimum an annual report for the Superintendent based on complaints filed.

An equitable and thorough investigation will be carried out by the DAC in accordance with the accompanying regulation. In addition, the results of the investigation will be reported back to both the target and the accused as specified in the accompanying regulation. If either of

the parties disagree with the results of the investigation, they can appeal the findings in accordance with the regulations that accompany this policy. Verified bullying incidents that meet the criteria established by the state will be included in the statewide reporting system when applicable, in accordance with law and regulation.

The Board will receive the annual SSEC (School Safety and Educational Climate) report, as well as any other state-required report relevant to bullying and/or school climate, for each building and for the district as whole. Based on the review of the data, the Board may consider further action, including but not limited to modification of this policy and additional training.

Disciplinary Consequences/Remediation

While the focus of this policy is on prevention, acts of bullying may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Student offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action that is measured, balanced and age-appropriate will be taken by the administration in accordance with the district's Code of Conduct, as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

Consequences for a student who commits an act of bullying will be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors, and must be consistent with the district's Code of Conduct.

Non-Retaliation

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

Training

The Board recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The Superintendent, the districtwide DAC and the District Professional Development Team will incorporate training to support this program in new teacher orientation and the annual professional development plan, as needed. Training opportunities will be provided for all staff, including but not limited to bus drivers, cafeteria and hall monitors and all staff who have contact with students. The DACs will be trained in accordance with state requirements and will continue their professional development so as to successfully support this policy and program.

Dissemination, Monitoring and Review

This policy, or a plain language summary, will be published in student registration materials, student, parent and employee handbooks, and posted on the district's website. A bullying complaint form will be available on the district's website. The district will ensure that the process of reporting bullying is clearly explained to students, staff and parents on an annual basis.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If changes are needed, revisions will be recommended to the Board for its consideration.

The district will ensure that reporting of information to the public in conjunction with this policy will be in a manner that complies with student privacy rights under the Family Educational Rights and Privacy Act (FERPA).

**STUDENT HARASSMENT AND BULLYING
PREVENTION AND INTERVENTION REGULATION**

The Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing, intimidation and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which can be reasonably expected to materially and substantially interfere with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences

Definitions

1. Bullying

Under the amended Dignity for All Students Act bullying and harassment are equivalent and used interchangeably. In order to facilitate implementation, provide meaningful guidance and prevent behaviors from rising to a violation of law, bullying is further understood to be a hostile activity which harms or induces fear through the threat of further aggression and/or creates terror. Bullying may be premeditated or a sudden activity. It may be subtle or easy to identify, done by one person or a group. Bullying often includes the following characteristics:

1. **Power imbalance** - occurs when a bully uses their physical or social power over a target.
2. **Intent to harm** - the bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity.
3. **Threat of further aggression** - the bully and the target believe the bullying will continue.
4. **Terror** - when any bullying increases, it becomes a “systematic violence or harassment used to intimidate and maintain dominance.”

(Barbara Coloroso, *The Bully, The Bullied & The Bystander*, 2003)

There are at least three kinds of bullying: verbal, physical and social/relational.

- Verbal bullying (which can be delivered orally, electronically or in writing) includes name calling, insulting remarks, verbal teasing, frightening phone calls, violent threats, extortion, taunting, gossip, spreading rumors, racist slurs, anonymous notes, etc.
- Physical bullying includes poking, slapping, hitting, tripping or causing a fall, choking, kicking, punching, biting, pinching, scratching, spitting, twisting arms or legs, damaging clothes and personal property, or threatening gestures.
- Social or relational bullying includes excluding someone from a group, isolating, shunning, spreading rumors or gossiping, arranging public humiliation, undermining relationships, teasing about clothing, looks, giving dirty looks, aggressive stares, etc.

The New York State Education Department provides further guidance on bullying and cyberbullying prevention on the following website:

http://www.p12.nysed.gov/technology/internet_safety/documents/cyberbullying.html

2. Discrimination

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as listed under *Harassment* as defined below).

3. Harassment

Harassment has been defined in various ways in federal and state law (including the penal law) and regulation. The Board recognizes that these definitions are important standards, but the Board's goal is to prevent behaviors from escalating to violations of law and, instead, to promote a positive school environment and limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for their physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived:

- Race (including traits historically associated with race, including but not limited to hair texture and protective hairstyles (such as but not limited to braids, locks, and twists)),
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).
- Gender identity is one's self-conception as being male or female, as distinguished from actual biological sex or sex assigned at birth.
- Gender expression is the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

For purposes of this definition, the term "threats, intimidation or abuse" includes verbal and non-verbal actions.

Hazing

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Prevention

Prevention is the cornerstone of the district's effort to address bullying. The components of such an effort involve the following:

- Following the principles and practices of “*Educating the Whole Child Engaging the Whole School: Guidelines and Resources for Social and Emotional Development and Learning (SEDL) in New York State*” (Adopted by the Board of Regents July 18, 2011) District curriculum will emphasize developing empathy, tolerance and respect for others.
- Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying.
- Gathering information about bullying at school directly from students (through surveys and other mechanisms); analyzing and using the data gathered to assist in decision-making about programming and resource allocation.
- Establishing clear school wide and classroom rules about bullying consistent with the district's code of conduct.
- Training adults in the school community to respond sensitively and consistently to bullying.
- Raising awareness among adults, through training, of the school experiences of marginalized student populations (as enumerated in the *Definitions* section above), social stigma in the school environment, gender norms in the school environment, and strategies for disrupting bullying or other forms of violence.
- Providing adequate supervision, particularly in less structured areas such as in the hallways, cafeteria, school bus and playground.
- Raising parental awareness and involvement in the prevention program and in addressing problems.
- Using educational opportunities or curriculum, including, if applicable, the Individual Educational Program (IEP), to address the underlying causes and impact of bullying.

Role of the Dignity Act Coordinator(s) (DAC)

The Board of Education will annually designate a staff member, who has been thoroughly trained in human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity and expression), and sex, as the Dignity Act Coordinator (DAC) for each school, accountable for implementation of this policy. In addition, one will be designated as the district-wide coordinator who will be responsible for ensuring equivalency in programming across buildings. The building-level DAC will be responsible for coordinating and enforcing this policy and regulation in the school to which they are assigned, including but not limited to coordination of:

- professional development for staff members and,
- the complaint process, and
- management of the Dignity Act's civility curriculum components.

Incident(s) Reporting

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets and persons with knowledge of bullying report such behavior immediately to the principal or the Dignity Act Coordinator as soon as possible after the incident so that it may be effectively investigated and resolved. The district will also make a bullying complaint form available on its website to facilitate reporting. The district will collect relevant data from written and verbal complaints to allow for systematic reporting.

Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to orally report it to the building principal or DAC within one school day and to fill out the district reporting form within two school days. Staff who are unsure of the reporting procedure are expected to ask their supervisors how to proceed.

The district will thoroughly, promptly and equitably investigate all complaints, formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner, although limited disclosure may be necessary to complete a thorough investigation.

In order to assist investigators, individuals should document the bullying as soon as it occurs and with as much detail as possible including: the nature of the incident(s); dates, times, places it has occurred; name of perpetrator(s); witnesses to the incident(s); and the target's response to the incident.

Confidentiality

It is district policy to respect the privacy of all parties and witnesses to bullying. To the extent possible, the district will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's desire for confidentiality must be balanced with the district's legal obligation to provide due process to the accused, to conduct a prompt and thorough investigation, and/or to take necessary action to resolve the complaint, the district retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complainants.

If a complainant requests that their name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation will inform the complainant that:

1. the request may limit the district's ability to respond to the complaint;
2. district policy and federal law prohibit retaliation against complainants and witnesses;
3. the district will attempt to prevent any retaliation; and
4. the district will take strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the district from responding effectively to the bullying and preventing the bullying of other students.

Investigation and Resolution Procedure

A. Initial (Building-level) Procedure

Whenever a complaint of bullying is received whether verbal or written, it will be subject to a thorough preliminary review and investigation. Except in the case of severe or criminal conduct, the principal or the Dignity Act Coordinator will make all reasonable efforts to resolve complaints informally at the school level. The goal of informal procedures is to end the bullying, prevent future incidents, ensure the safety of the target and obtain a prompt and equitable resolution to a complaint.

As soon as possible, but no later than five school days following receipt of a complaint, the principal, the principal's designee or the Dignity Act Coordinator will begin an investigation of the complaint by:

- Reviewing any written documentation provided by the target(s).
- Conducting separate interviews of the target(s), alleged perpetrator(s), and witnesses, if any, and documenting the conversations.
- Providing the alleged perpetrator(s) a chance to respond and notify them that if objectionable behavior has occurred, it must cease immediately. The individual will be made aware of remediation opportunities as well as potential disciplinary consequences.
- Determining whether the complainant needs any reasonable supports to ensure their safety, and following up periodically until the complaint has been resolved.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually, and the student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Parents of student targets and accused students should be notified within one school day of allegations that are serious or involve repeated conduct.

Where appropriate, informal methods may be used to resolve the complaint, including but not limited to:

- a. discussion with the accused, informing them of the district's policies and indicating that the behavior must stop;
- b. suggesting counseling, skill building activities and/or sensitivity training;
- c. conducting training for the department or school in which the behavior occurred, calling attention to the consequences of engaging in such behavior;
- d. requesting a letter of apology to the target;
- e. writing letters of caution or reprimand; and/or
- f. separating the parties.

Appropriate disciplinary action will be recommended and imposed in accordance with district policy, the applicable collective bargaining agreement or state law. The district will make every reasonable effort to attempt to first resolve the misconduct through non-punitive measures.

The investigator will report back to both the target and the accused, within ten school days notifying them in writing, and also in person, as appropriate, regarding the outcome of the investigation and the action taken to resolve the complaint. The actions taken will be in conformance with the *Remediation/Discipline/Penalties* section of this regulation. The target will be asked to report immediately if the objectionable behavior occurs again or if the alleged perpetrator retaliates against them.

If a complaint contains evidence or allegations of serious or extreme bullying, or a civil rights violation, the complaint will be referred promptly to the Superintendent. The complainant will also be advised of other avenues to pursue their complaint, including contact information for state and federal authorities.

In addition, where the principal, the principal's designee or the Dignity Act Coordinator has a reasonable suspicion that the alleged bullying incident involves criminal activity, they must immediately notify the Superintendent, who will then contact the school attorney, appropriate child protection and, if appropriate, law enforcement authorities.

Any party who is not satisfied with the outcome of the initial investigation may request a district-level investigation by submitting a written complaint to the Superintendent within thirty (30) days.

B. District-level Procedure

The Superintendent or designee will promptly investigate and equitably resolve all bullying complaints that are referred to them, as well as those appealed to the Superintendent following an initial investigation. In the event the complaint involves the Superintendent, the complaint will be filed with or referred to the Board President, who will refer the complaint to an appropriate independent individual for investigation.

The district level investigation should begin as soon as possible but not later than five school days following receipt of the complaint by the Superintendent or Board President.

In conducting the formal district level investigation, the district will endeavor to use individuals who have received formal training regarding such investigations or that have previous experience investigating such complaints.

If a district level investigation results in a determination that bullying did occur, prompt corrective action will be taken to end the misbehavior in accordance with the *Remediation/Discipline/Penalties* section of this regulation.

No later than thirty (30) days following receipt of the complaint, the Superintendent (or in cases involving the Superintendent, the Board-appointed investigator) will notify the target and alleged perpetrator, in writing, of the outcome of the investigation. If additional time is needed to complete the investigation or take appropriate action, the Superintendent or Board-appointed investigator will provide all parties with a written status report within 30 days following receipt of the complaint.

Any party who is not satisfied with the outcome of the district-level investigation may appeal to the Board of Education by submitting a written request to the Board President within 30 days.

C. Board-level Procedure

When a request for review by the Board has been made, the Superintendent will submit all written statements and other materials concerning the case to the President of the Board.

The Board will notify all parties concerned of the time and place when an opportunity to be heard will be provided. Such an opportunity to be heard will occur as soon as practicable, but no later than thirty (30) calendar days of the receipt of the request of the complainant.

The Board will render a decision in writing within 15 school days after the meeting with the Board has been concluded.

The district will retain documentation associated with complaints and investigations in accordance with Schedule LGS-1.

Retaliation Prohibited

Any act of retaliation against any person who opposes bullying behavior, or who has filed a complaint, is prohibited and illegal, and therefore subject to disciplinary action. Likewise, retaliation against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing of a bullying complaint is prohibited. For purposes of this policy, retaliation includes but is not limited to: verbal or physical threats, intimidation, ridicule,

bribes, destruction of property, spreading rumors, stalking, harassing phone calls, and any other form of harassment. Any person who retaliates is subject to immediate disciplinary action up to and including suspension or termination.

Remediation/Discipline/Penalties

Any individual who violates this policy by engaging in bullying will be subject to appropriate action, which may include disciplinary action. Remedial responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior, and protect the target of the act. Appropriate remedial measures may include, but are not limited to:

- Restitution and restoration;
- Peer support group;
- Corrective instruction or other relevant learning or service experience;
- Changes in class schedule;
- Supportive intervention;
- Behavioral assessment or evaluation;
- Behavioral management plan, with benchmarks that are closely monitored;
- Student counseling;
- Parent conferences; or
- Student treatment or therapy.

Environmental remediation may include, but is not limited to:

- School and community surveys or other strategies for determining the conditions contributing to the relevant behavior;
- Modification of schedules;
- Adjustment in hallway traffic and other student routes of travel;
- Targeted use of monitors;
- Parent education seminars/workshops;
- Peer support groups.

Disciplinary measures available to school authorities include, but are not limited to the following:

Students: Discipline may range from a reprimand up to and including suspension from school, to be imposed consistent with the Code of Conduct and applicable law.

Employees: Discipline may range from a warning up to and including termination, to be imposed consistent with all applicable contractual and statutory rights.

Volunteers: Penalties may range from a warning up to and including loss of volunteer assignment.

Vendors: Penalties may range from a warning up to and including loss of district business.

Other individuals: Penalties may range from a warning up to and including denial of future access to school property.

Policy Dissemination

All students and employees will be informed of this policy in student and employee handbooks, on the district website and student registration materials. All employees will receive information about this policy and regulation at least once a year.

Principals in each school will be responsible for informing students and staff on a yearly basis of the terms of this policy, including the procedures for filing a complaint and information about the impact of bullying on the target and bystanders.

Training

Training needs in support of this bullying prevention and intervention program will be reflected in the district's annual professional development plan, new teacher orientation, in curriculum and will be considered in the budget process. The DAC(s), administrative employees and other staff, such as counselors or social workers who have specific responsibilities for investigating and/or resolving complaints of bullying will receive yearly training to support implementation of this policy, regulation and on related legal developments.
