ALYSON HERNANDEZ

Alyson is a hardworking student who always has a smile on her face. She works hard and always has something positive to add to class discussions. Her positive personality is infectious.

LANDON FILLI

Landon is extremely courteous, polite, helpful to his peers, and quite mature for his age. He gets along great with all his peers, and tends to be the leader of the group.

TANISHA CRUZ

Tanisha is working so hard in her classes and is making great progress. She does a great job during the regular school day and also puts in time after school so that she can further her learning. She is a kind student who is respectful to her teachers and peers and we enjoy having her in class.

CORDELL BROCKETT

Cordell's positive attitude in the classroom with both peers and teachers has greatly improved. He is ready to work and actively participates in group conversations. Cordell is helpful, shows interest in classroom activities, and demonstrates consideration for others.

HEIDI CHUNG

Heidi is always polite and kind to others, consistently demonstrating what it means to be a good peer/Rider. She is also highly dedicated to her academics and takes great pride in her work- and it shows because her dedication truly sets her apart! Heidi is always on top of her work and keen to do her best. She wants to be successful in everything that she does. I also love the in-class discussion, Heidi is willing to say what she believes even when classmates have voiced other opinions. Heidi is an incredibly hard-working, dedicated student. She plays an integral role in class discussions. She has done a terrific job in Model UN this year, really taking on a challenge and meeting it head on.

DEMETRIOS TZAMBOURAKIS

Demetrios leads by example in class. He is an attentive student who strives for excellence with his singing! He leads by example everyday in class. His participation and enthusiasm helps to foster a more comfortable learning environment for his classmates. He is also a talented sketch artist. I have had many conversations with Demetrios about current events in science and science fiction fun too! He makes each day better. Demetrios is highly intelligent and a hard worker, but what makes him unique is the interest he shows in whatever we are learning in class. He is always happy to raise his hand and participate in class activities and discussions, both answering questions and sharing enriching prior knowledge. With his curiosity, Demetrios adds energy to every class. Demetrios is friendly, kind, and considerate to his peers. He always brings a positive attitude to the classroom and will work hard. He shares his interests with others and is always willing to help with whatever he can. Demetrios is an awesome student. His participation in class is truly valued, and he is always willing to help others when they get stuck on a problem without judgment.

THEODORE THIESS-HELDEN

Teddy doing a great job as vice president of the Model UN Club and leading in PartiGov class. He played an important role in helping the Big Truck Day fundraiser to be a success. He also played a significant role in helping our Model UN mock session and Capital Region New York Model UN Conference be a success for the club.

AMELIA ELGHANNANI

Amelia is always so friendly and her sense of humor is great! She is willing to do something extra if a teacher needs help and has great relationships with her peers.

Congrats!
