

ICHABOD CRANE CSD

Now Using **CarePortal** to
Support Vulnerable Students

#riderpride #ichabodcares

CarePortal technology is used by child serving professionals across the nation to provide vital resources to children and families in need—and now IChabod Crane CSD is using this care-sharing platform to help students in our district.

HOW IT WORKS

1. School staff submit vetted needs for students
2. Community Responders are notified through email, text, or the CarePortal app
3. Responders give financially or donate items
4. Trained local churches deliver resources with dignity and care

PRIVACY MATTERS

- Student identities are *always protected*
- Deliveries are handled by *trained CarePortal Responders*
- Recipients are *never required* to attend church or participate in religious activities

HOW TO HELP

You can become a CarePortal **Community Responder** and help us meet the needs of vulnerable students in the district.

- Receive Notifications When Requests Are Entered
- View Needs on Your CarePortal App or Web Site Dashboard
- Make Tax-Deductible Donations to Help Purchase Items -or-
- Offer to Supply Physical Items Requested by the School
